

Audiologist

Sound Health Services is seeking a full-time Audiologist to work in a busy ENT office. We are looking for someone with professional experience and a friendly, caring demeanor who has superior communication skills and problem-solving skills.

Duties include, but are not limited, to the following:

- Identify, test, diagnose, and manage disorders of human hearing, balance, and tinnitus; interpret test results of behavioral and objective measures
- Counsel patients about hearing health and the possible need for treatment/management
- Assess the candidacy of persons with hearing loss for hearing aids and other devices
- Recommend and provide hearing aid selection, fitting, and programming
- Provide servicing of hearing aids as needed
- Counsel and educate patients and families/caregivers on the psychosocial adjustments of hearing loss
- Collaborate with our physicians and other providers on the care team

Sound Health offers a competitive salary, a bonus program based upon hearing aid sales, and a full array of benefits.

Please send your resume or CV to recruiting@soundhealthservices.com .

We are committed to creating a diverse environment and are proud to be an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status.
